

# E-Lock PDFeSigner

Desktop-based PDF file signing solution

## PDFeSigner Overview

E-Lock PDFeSigner is a desktop based, bulk signing software that applies legally enforceable digital signatures on PDF documents. PDFeSigner is easy to use software that enables the users to insert visible signature in multiple PDF documents in a single click. PDFeSigner helps in lowering costs and efforts, speeding up processes, going paperless and achieving security and non-repudiation of documents.

### Product Feature

- Digitally signs and encrypts all the PDF files in bulk
- Inserts visible digital signature in the PDF files
- Configures the placement / size / contents of digital signature in the PDF files
- Signs the PDF files in native Adobe format
- Encrypts signed PDF files using specified passwords
- Signed PDF files can be viewed and verified (by just clicking on signature block) using Adobe Reader without needing any other verification utility
- Emails digitally signed files in single click

### Product Benefits

- Saves time by allowing to sign multiple documents in a single click
- Saves costs associated with printing, handling and distribution of physical documents
- Increases the security and privacy of documents
- Automatically mails the files in bulk to the recipients
- Legally compliant with global digital signature laws

### System Requirement

- Win 2000 SP4, Win XP SP2 or higher (including Windows 10 and Windows Server 2012)
- Pentium Processor

## Technical Compatibility

- Any smart card, e-token
- Supports MD5, SHA1, SHA-256, SHA-384, SHA-512
- X.509 digital certificates by any trusted CA

---

## About E-Lock

E-Lock is pioneer in the field of Digital and Electronic signature solutions. E-Lock's PKI-based solutions have made digital signatures popular in common business applications and web-based transactions.

Compliance with the global standards for digital signatures has allowed E-Lock to serve organizations in more than 30 different countries, spanning several industries, effectively and efficiently.
